

RITE NOW @ ROP

Wrestling provides Sierra Ridge Academy (SRA) students more than just an opportunity for some healthy competition; it provides a supportive team atmosphere and the chance to learn life lessons that are applicable on and off the mat.

In a recent tournament, the Sierra Ridge RAMs displayed respect, attitude, motivation, and spirit, while continuing their tradition of athletic achievement as they competed on the mat, and supported fellow teammates from the sidelines. SRA took third place overall with Student-Athlete Adrian L. going undefeated and missing the MVP award by only one point. The team continues to thrive under the Head Coaching of Dathan Miller, who teaches wrestling's "moves and counter moves," and who leads by example, setting high expectations for team camaraderie and positive attitudes.

The Wrestling season continues through February, and the SRA RAMS look forward to more opportunities to demonstrate their hard work, sportsmanship and will to win.
