

RITE NOW @ ROP

Sierra Ridge Academy embraces the four R's of its Academic Model program: Relationships, Rigor, Relevance and, especially, Rituals. This autumn, the program honored the season of colorful leaves and shorter days with a pumpkin-carving event, complete with lighted votive candles which gave the occasion a "glow-in-the-dark" spooky- and "boo-tiful"-ambiance.

Students placed the carved and decorated pumpkins around the campus in preparation for the upcoming, on-campus Fall Festival, and, the following week, Halloween.

After carving the pumpkins, our students enjoyed holiday treats that included hot apple cider and hot caramel ice cream sundaes. The grinning faces on students and pumpkins suggest SRA students had a great time embracing the spirit of fall.
